3. Total Enrollment during this School Year:
4. Total Enrollment for the Summer (if applicable):

Executive Summary (500 words maximum)
5. Please summarize the center's program, including its objectives and activities offered.

Objectives, Activities, Data Sources, and Results

OBJECTIVES:

1. Which of the following objectives did your program address (Check all that apply.)

☐ Improve student academic achievement (state mandated)   ☐ Provide parent education (state mandated)   ☐ Improve student behavior   ☐ Provide enrichment opportunities   ☐ Improve community partnerships   ☐ Other

Other program objective

2. If you selected Other for program objectives please detail:

Improve student academic achievement activities

1. Which of the following activities were provided? (Please check all that apply.)

☐ Curriculum   ☐ Homework assistance   ☐ Integrated projects   ☐ Tutoring   ☐ Regular communication with classroom teachers   ☐ Regular communication with parents   ☐ Other

Other student academic achievement activities

1. If you chose Other activities for Improve student academic achievement please detail:

Improve student academic achievement sub-objectives:

2. If you selected Improve student academic achievement please indicate the sub-objective(s) you selected for your center's program:

☐ Improve performance on SOL Math assessment (state mandated and data provided by the state)　☐ Improve performance on SOL Reading/Language Arts assessment (state mandated and data provided by the state)　☐ Reduce grade retention　☐ Improve grades in core subject areas　☐ Other

---

Data source to determine if sub-objective was met: School retention records

3. Was the retention rate lower for regular attendees than non-participants?
　○ Yes
　○ Mixed results
　○ No

Reduce grade retention evidence

4. Describe the Reduce grade retention evidence for your response below.

Data source(s) used to determine if sub-objective was met: Report card grades

5. Report card grades (Check all that apply.)
　☐ Reading/Language Arts grades　☐ Math grades　☐ Science grades　☐ Social studies grades　☐ Other

---

Other Report card grades

6. If you chose Other for Report card grades please specify:

Improve grades in core subject areas, cont.

7. Did grades improve more for regular attendees than non-participants?
　○ Yes
　○ Mixed results
　○ No

Improve grades in core subject evidence

8. Describe the Improve grades in core subject evidence for your response below.

Other sub-objective for Improve student academic achievement

9. Please specify your Other sub-objective:

10. Which activities were provided to the students for this sub-objective? (Please specify.)

11. Data sources used to determine if sub-objective was met (Please specify.)

Other sub-objective, cont.

12. Was the Other sub-objective met?
- ○ Yes
- ○ Mixed results
- ○ No

Other sub-objective evidence

13. Describe the Other sub-objective evidence for your response below.

Provide parent education sub-objectives

14. If you selected Provide parent education please indicate the sub-objective(s) you selected for your center's program:

☐ Provide General Educational Development (G.E.D.) certificate program ☐ Provide computer skills instruction ☐ Provide parenting training ☐ Provide opportunities for parent/child interaction in academic activities ☐ Provide career development information ☐ Other (Please specify.)

Provide General Educational Development (G.E.D.) certificate program activities

15. Which of the following activities were provided? (Check all that apply.)

☐ G.E.D. certificate program classes scheduled at 21st CCLC center ☐ Referral of parents to G.E.D. certificate program in community ☐ Other(please specify)

Other Provide General Educational Development (G.E.D.) certificate program activities

16. If you selected Other activities for Provide General Educational Development (G.E.D.) certificate program activities please specify:

Data Sources for Provide General Educational Development (G.E.D.) certificate program activities

17. Data source(s) used to determine if your sub-objectives were met? (Check all that apply.)

☐ Attendance report from G.E.D. certificate program teacher ☐ Number of G.E.D. certificate program recipients ☐ Other (please specify)

Other Provide GED certificae program data sources

18. If you selected Other data source used to determine if provide GED certificate program was met please specify:

Provide General Educational Development (G.E.D.) certificate program, cont.

19. Did parents participate in the G.E.D. certificate program classes?
- ○ Yes
- ○ Mixed results
- ○ No

Provide General Educational Development (G.E.D.) certificate program evidence

20. Describe the Provide General Educational Development (G.E.D.) certificate program evidence for your response below.

Provide computer skills instruction activities

21. Which of the following activities were provided? (Check all that apply.)

☐ Computer skills classes   ☐ Parent/child projects integrating computer use   ☐ Other (please specify)

Other Provide computer skills instruction activities

22. If you selected Other activities for provide computer skills instruction activities please specify:

Data Sources for Provide computer skills instruction

23. Data source(s) used to determine if sub-objective was met? (Check all that apply.)

☐ Number of sessions offered   ☐ Attendance report from center staff   ☐ Pre-post skills assessment checklist   ☐ Other(please specify)

Other Provide computer skills instruction data sources

24. If you selected Other data source used to determine if provide computer skills instruction was met please specify:

Provide computer skills instruction, cont.

25. Did parents participate in computer skills classes?

○ Yes

○ Mixed results

○ No

Provide computer skills instruction evidence

26. Describe the Provide computer skills instruction evidence for your response below.

Provide parenting training activities

27. Which of the following activities were provided? (Check all that apply.)

☐ Parenting skills classes   ☐ Community speakers   ☐ Other (please specify)

Other Provide parenting training activities

28. If you selected Other activities for provide parenting training activities please specify:

Data Sources for Provide parenting training activities

29. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of sessions offered   ☐ Attendance report from center staff   ☐ Evaluation forms completed by parents   ☐ Other (please specify)

Other Provide parenting training data sources

30.If you selected Other data source used to determine if provide parenting training was met please specify:

Provide parenting training, cont.

31.Did parents participate in parent training classes?
- ○ Yes
- ○ Mixed results
- ○ No

Provide parenting training evidence

32.Describe the Provide parenting training evidence for your response below.

Provide opportunities for parent/child interaction in academic activities

33.Which of the following activities were provided? (Check all that apply.)

- ☐ Family Nights with parent/child activities
- ☐ Parent training in providing homework assistance
- ☐ Provision of "take-home" projects for parent/child completion
- ☐ Open house events for parents to learn about their children's work
- ☐ Other (please specify)

Other Provide opportunities for parent/child interaction in academic activities

34.If you selected Other activities for provide opportunities for parent/child interaction in academic activities please specify:

Data Sources for Provide opportunities for parent/child interaction in academic activities

35.Data source(s) used to determine if sub-objective was met (Check all that apply.)

- ☐ Number of sessions offered
- ☐ Attendance report from center staff
- ☐ Evaluation forms completed by parents
- ☐ Other (please specify)

Other Provide opportunities for parent/child interaction in academic activities data sources

36.If you selected Other data source used to determine if provide opportunities for parent/child interaction in academic activities was met please specify:

Provide opportunities for parent/child interaction in academic activities, cont.

37.Did parents and children interact in academic activities?
- ○ Yes
- ○ Mixed results
- ○ No

Provide opportunities for parent/child interaction in academic activities evidence

38.Describe the Provide opportunities for parent/child interaction in academic activities evidence for your response below.

Provide career development information activities

39. Which of the following activities were provided? (Check all that apply.)

☐ Career exploration classes ☐ Job fair ☐ Vocational classes ☐ Job application assistance sessions ☐ Other(please specify)

Other Provide career development information activities

40. If you selected Other activities for provide opportunities career development information please specify:

Data Sources for Provide career development information

41. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of sessions offered ☐ Attendance report from center staff ☐ Evaluation forms completed by parents ☐ Other (please specify)

Other Provide career development information data sources

42. If you selected Other data source used to determine if provide opportunities career development information was met please specify:

Provide career development information, cont.

43. Did parents participate in career development information sessions?

◯ Yes
◯ Mixed results
◯ No

Provide career development information evidence

44. Describe the Provide career development information evidence for your response below.

Other sub-objective for Provide parent education

45. Please specify your Other sub-objective:

46. Which activities were provided for this sub-objective? (Please specify.)

47. Data source(s) used to determine if sub-objective was met (Please specify.)

Other sub-objective, cont.

48. Did parents participate in this activity?

◯ Yes
◯ Mixed results
◯ No

Other sub-objective evidence

49. Describe the Other sub-objective (for Provide parent education) evidence for your response below.

Improve student behavior sub-objectives:

50. If you selected Improve student behavior please indicate the sub-objective(s) you selected for your center's program:

☐ Improve classroom behavior   ☐ Complete homework satisfactorily   ☐ Improve classroom participation   ☐ Improve class attendance   ☐ Improve motivation to learn   ☐ Improve ability to get along with other students   ☐ Other

---

Improve classroom behavior activities

51. Which of the following activities were provided? (Check all that apply.)

☐ Social skills training program(s)   ☐ Activities to develop positive relationships with teachers   ☐ Mentoring   ☐ Regular communication with parents   ☐ Incentives (ex. Eligibility for field trips)   ☐ Other

---

Other improve classroom behavior activities

52. If you selected Other activities for Improve classroom behavior please detail:

Data Sources for Improve classroom behavior

53. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ PPICS classroom teacher survey   ☐ School discipline records   ☐ Student behavior checklist completed by teacher on each student who attended program regularly   ☐ Other (please specify)

Other Improve classroom behavior data source

54. If you selected Other data source used to determine if improve classroom behavior was met please specify:

Improve classroom behavior, cont.

55. Was classroom behavior improved among regular attendees?

   ⦿ Yes
   ⦿ Mixed results
   ⦿ No

Improve classroom behavior evidence

56. Describe the Improve classroom behavior evidence for your response below.

Complete homework satisfactorily activities

57. Which of the following activities were provided? (Check all that apply.)

☐ Homework assistance   ☐ Tutoring   ☐ Mentoring   ☐ Activities to develop positive relationships with teachers   ☐ Regular communication with parents   ☐ Incentives (ex. Eligibility for field trips)   ☐ Other

---

Other complete homework satisfactorily activities

58. If you selected Other activities for Complete homework satisfactorily please detail:

┌───┐
│   │
└───┘

Data Sources for Complete homework satisfactorily

59. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ PPICS classroom teacher survey   ☐ Student behavior checklist completed by teacher on each student who attended program regularly   ☐ Other(please specify)

Other Complete homework satisfactorily data source

60. If you selected Other data source used to determine if complete homework satisfactorily was met please specify:

Complete homework satisfactorily, cont.

61. Was regular attendees' homework completed more satisfactorily?

○ Yes
○ Mixed results
○ No

Complete homework satisfactorily evidence

62. Describe the Complete homework satisfactorily evidence for your response below.

Improve classroom participation activities

63. Which of the following activities were provided? (Check all that apply.)

☐ Social skills training program(s)   ☐ Activities to develop positive relationships with teachers   ☐ Mentoring   ☐ Tutoring   ☐ Homework assistance   ☐ Regular communication with parents   ☐ Incentives (ex. eligibility for field trips)

☐ Other (please specify)

Other Improve classroom participation activities

64. If you selected Other activities for Improve classroom participation please specify:

Data Sources for Improve classroom participation

65. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ PPICS classroom teacher survey   ☐ Student behavior checklist completed by teacher on each student who attended program regularly   ☐ Other(please specify)

Other Improve classroom participation data sources

66. If you selected Other data source used to determine if improve classroom participation was met please specify:

Improve classroom participation, cont.

67. Did classroom participation improve for regular attendees?
- ○ Yes
- ○ Mixed results
- ○ No

Improve classroom participation evidence

68. Describe the Improve classroom participation evidence for your response below.

Improve classroom attendance activities

69. Which of the following activities were provided? (Check all that apply.)
- ☐ Regular communication with parents
- ☐ Activities to develop positive relationships with teachers
- ☐ Mentoring
- ☐ Tutoring
- ☐ Homework assistance
- ☐ Incentives (ex. eligibility for field trips)
- ☐ Other (please specify)

Other Improve classroom attendance activities

70. If you selected Other activities for Improve classroom attendance please specify:

Data Sources for Improve classroom attendance

71. Data source(s) used to determine if sub-objective was met? (Check all that apply.)
- ☐ PPICS classroom teacher survey
- ☐ School attendance records
- ☐ Student behavior checklist completed by teacher on each student who attended program regularly
- ☐ Other(please specify)

Other Improve classroom attendance data sources

72. If you selected Other data source used to determine if improve classroom attendance was met please specify:

Improve classroom attendance, cont.

73. Did classroom attendance improve for regular attendees?
- ○ Yes
- ○ Mixed results
- ○ No

Improve classroom attendance evidence

74. Describe the Improve classroom attendance evidence for your response below.

Improve motivation to learn activities

75. Which of the following activities were provided? (Check all that apply.)
- ☐ Hands-on learning projects
- ☐ Field trips
- ☐ Community speakers
- ☐ Mentoring
- ☐ Tutoring
- ☐ Homework assistance
- ☐ Community service activities
- ☐ Other(please specify)

Other Improve motivation to learn activities

76. If you selected Other activities for Improve motivation to learn please specify:

Data Sources for Improve motivation to learn

77. Data source(s) used to determine if your sub-objective was met (Check all that apply.)
   ☐ PPICS classroom teacher survey   ☐ Student behavior checklist completed by teacher on each student who attended program regularly   ☐ Other(please specify)

Other Improve motivation to learn data sources

78. If you selected Other data source used to determine if improve motivation to learn was met please specify:

Improve motivation to learn, cont.

79. Did motivation to learn improve for regular attendees?
   ○ Yes
   ○ Mixed results
   ○ No

Improve motivation to learn evidence

80. Describe the Improve motivation to learn evidence for your response below.

Improve ability to get along with other students activities

81. Which of the following activities were provided to the students? (Check all that apply.)
   ☐ Social skills training program(s)   ☐ Small group projects   ☐ Mentoring   ☐ Incentives (ex. eligibility for field trips)   ☐ Other (please specify)

Other Improve ability to get along with other students activities

82. If you selected Other activities for Improve ability to get along with other students please specify:

Data Sources for Improve ability to get along with other students

83. Data source(s) used to determine if sub-objective was met (Check all that apply.)
   ☐ PPICS classroom teacher survey   ☐ Student behavior checklist completed by teacher on each student who attended program regularly   ☐ Other(please specify)

Other Improve ability to get along with other students data sources

84. If you selected Other data source used to determine if improve ability to get along with other students was met please specify:

Improve ability to get along with other students, cont.

85. Did ability to get along with others improve for regular attendees?
- ○ Yes
- ○ Mixed results
- ○ No

Improve ability to get along with other students evidence

86. Describe the Improve ability to get along with other students evidence for your response below.

Other sub-objective for Improve student behavior

87. Please specify your Other sub-objective:

88. Which activities were provided for this sub-objective? (Please specify.)

89. Data source(s) used to determine if sub-objective was met (Please specify.)

Other sub-objective, cont.

90. Did this behavior improve for regular attendees?
- ○ Yes
- ○ Mixed results
- ○ No

Other sub-objective evidence

91. Describe the Other sub-objective for Improve student behavior evidence for your response below.

Provide enrichment opportunities sub-objectives

92. If you selected Provide enrichment opportunities please indicate the sub-objective(s) you selected for your center's program:

- ☐ Increase children's exposure to the fine arts and cultural events
- ☐ Increase children's depth of understanding of academic subjects through non-traditional instruction
- ☐ Increase children's health awareness and physical education
- ☐ Provide programs in preventing drug/alcohol use and/or violence
- ☐ Other

Increase children's exposure to the fine arts and cultural events activities

93. Which of the following activities were provided? (Check all that apply.)

- ☐ Art activities
- ☐ Music activities
- ☐ Community fine arts presentations
- ☐ Field trips to museums, cultural events
- ☐ Videos, Internet and other media exposure
- ☐ Other (please specify)

Other Increase children's exposure to the fine arts and cultural events activities

94. If you selected Other activities for Increase children's exposure to the fine arts and cultural events please specify:

Data Sources for Increase children's exposure to the fine arts and cultural events

95. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of field trips   ☐ Number of community presenters   ☐ Student surveys assessing impact of enrichment activities   ☐ Other (please specify)

Other Increase children's exposure to the fine arts and cultural events data sources

96. If you selected Other data source used to determine if increase children's exposure to the fine arts and cultural events was met please specify:

Increase children's exposure to the fine arts and cultural events activities, cont.

97. Were children exposed to fine arts and cultural events?

☐ Yes
☐ Mixed results
☐ No

Increase children's exposure to the fine arts and cultural events activities evidence

98. Describe the Increase children's exposure to the fine arts and cultural events activities evidence for your response below.

Increase children's depth of understanding of academic subjects through non-traditional instruction activities

99. Which of the following activities were provided? (Check all that apply.)

☐ Field trips to museums, cultural events   ☐ Hands-on project-based learning opportunities   ☐ Presenters from the community   ☐ Videos, Internet and other media exposure   ☐ Other (please specify)

Other Increase children's depth of understanding of academic subjects through non-traditional instruction activities

100. If you selected Other activities for Increase children's depth of understanding of academic subjects through non-traditional instruction activities please specify:

Data Sources for Increase children's depth of understanding of academic subjects through non-traditional instruction activities

101. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of academic enrichment opportunities offered   ☐ Student surveys assessing impact of enrichment activities   ☐ Other (please specify)

Other Increase children's depth of understanding of academic subjects through non-traditional data sources

102. If you selected Other data source used to determine if Increase children's depth of understanding of academic subjects through non-traditional instruction was met please specify:

Increase children's depth of understanding of academic subjects through non-traditional instruction, cont.

103. Was non-traditional instruction provided to increase children's depth of understanding?

☐ Yes
☐ Mixed results
☐ No

Increase children's depth of understanding of academic subjects through non-traditional instruction evidence

104.Describe the Increase children's depth of understanding of academic subjects through non-traditional instruction evidence for your response below.

Increase children's health awareness and physical education activities

105.Which of the following activities were provided? (Check all that apply.)

☐ Health/nutrition programs   ☐ Physical education programs   ☐ Intramural sports   ☐ Other(please specify)

Other Increase children's health awareness and physical education activities

106.If you selected Other activities for Increase children's health awareness and physical education activities please specify:

Data Sources for Increase children's health awareness and physical education activities

107.Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of opportunities offered (PPICS)   ☐ Number of community presenters   ☐ Student surveys assessing impact of enrichment activities   ☐ Other(please specify)

Other Increase children's health awareness and physical education activities data sources

108.If you selected Other data source used to determine if Increase children's health awareness and physical education was met please specify:

Increase children's health awareness and physical education, cont.

109.Did children's health awareness and physical education increase?
- ○ Yes
- ○ Mixed results
- ○ No

Increase children's health awareness and physical education evidence

110.Describe the Increase children's health awareness and physical education evidence for your response below.

Provide programs in preventing drug/alcohol use and/or violence activities

111.Which of the following activities were provided? (Check all that apply.)

☐ Alcohol/drug prevention programs   ☐ Conflict resolution/peer mediation training   ☐ Law enforcement programs (ex. DARE)   ☐ Other(please specify)

Other Provide programs in preventing drug/alcohol use and/or violence activities

112.If you selected Other activities for Provide programs in preventing drug/alcohol use and/or violence activities please specify:

Data Sources for Provide programs in preventing drug/alcohol use and/or violence

113. Data source(s) use to determine if your sub-objectives were met? (Please check all that apply.)

☐ Number of sessions offered   ☐ Attendance report from center staff   ☐ Student surveys assessing impact of enrichment activities   ☐ Other(please specify)

Other Provide programs in preventing drug/alcohol use and/or violence data sources

114. If you selected Other data source used to determine if Provide programs in preventing drug/alcohol use and/or violence data sources was met please specify:

Provide programs in preventing drug/alcohol use and/or violence, cont.

115. Were programs provided in preventing drug/alcohol use and/or violence?

    ○ Yes
    ○ Mixed results
    ○ No

Provide programs in preventing drug/alcohol use and/or violence evidence

116. Describe the Provide programs in preventing drug/alcohol use and/or violence evidence for your response below.

Other sub-objective for Provide enrichment opportunities

117. Please specify your Other sub-objective:

118. Which activities were provided for this sub-objective? (Please specify.)

119. Data source(s) used to determine if sub-objective was met (Please specify.)

Other sub-objective, cont.

120. Was this program provided to the students?

    ○ Yes
    ○ Mixed results
    ○ No

Other sub-objective evidence

121. Describe the Other sub-objective for Provide enrichment opportunities evidence for your response below.

Improve community partnerships sub-objectives

122. If you selected Improve community partnerships please indicate the sub-objective(s) you selected for your center's program:

☐ Increase the number of partners   ☐ Increase the activities of partners   ☐ Improve communication with partners   ☐ Improve the sustainability of the program through partner commitments beyond the grant period   ☐ Other

Increase the number of partners activities

123.Which of the following activities were provided? (Check all that apply.)

☐ Recruit through telephone contact   ☐ Recruit through meetings of potential partners at the center   ☐ Recruit through letters to potential donors/partners   ☐ Recruit through referrals by present partners   ☐ Other(please specify)

Other Increase the number of partners activities

124.If you selected Other activities for Increase the number of partners please specify:

Data Sources for Increase the number of partners

125.Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of partners   ☐ Other(please specify)

Other Increase the number of partners data sources

126.If you selected Other data source used to determine if Increase the number of partners data sources was met please specify:

Increase the number of partners, cont.

127.Did the number of partners increase?

○ Yes
○ Mixed results
○ No

Increase the number of partners evidence

128.Describe the Increase the number of partners evidence for your response below.

Increase the activities of partners activities

129.Which of the following activities were provided? (Check all that apply.)

☐ Involve partners in program planning   ☐ Enlist partner assistance in implementing programs   ☐ Involve partners in assessing program success   ☐ Other(please specify)

Other Increase the activities of partners activities

130.If you selected Other activities for Increase the activities of partners please specify:

Data Sources for Increase the activities of partners

131.Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of activities offered by partners   ☐ Other(please specify)

Other Increase the activities of partners data sources

132.If you selected Other data source used to determine if Increase the activities of partners was met please specify:

Increase the activities of partners, cont.

133.Did the activities of partners increase?
- ○ Yes
- ○ Mixed results
- ○ No

Increase the activities of partners evidence

134.Describe the Increase the activities of partners evidence for your response below.

Improve communication with partners activities

135.Which of the following activities were provided? (Check all that apply.)

- ☐ Regularly communicate with partners by phone
- ☐ Include partners in center meetings
- ☐ Provide newsletters, flyers about center activities
- ☐ Discuss strengths and challenges of center operation
- ☐ Other(please specify)

Other Improve communication with partners activities

136.If you selected Other activities for Improve communication with partners please specify:

Data Sources for Improve communication with partners

137.Data source(s) used to determine if sub-objective was met (Check all that apply.)

- ☐ Number of times of communicating with partners
- ☐ Partner survey
- ☐ Other(please specify)

Other Improve communication with partners data sources

138.If you selected Other data source used to determine if Improve communication with partners was met please specify:

Improve communication with partners, cont.

139.Did communication with partners increase?
- ○ Yes
- ○ Mixed results
- ○ No

Improve communication with partners evidence

140.Describe the Improve communication with partners evidence for your response below.

Improve the sustainability of the program through partner commitments beyond the grant period activities

141.Which of the following activities were provided? (Check all that apply.)

- ☐ Work with partners to identify ongoing program costs
- ☐ Assist partners in exploring community resources
- ☐ Identify benefits for continued involvement
- ☐ Other(please specify)

Other Improve the sustainability of the program through partner commitments beyond the grant period activities

142.If you selected Other activities for Improve the sustainability of the program through partner commitments beyond the grant period please

specify:

Data Sources for Improve the sustainability of the program through partner commitments beyond the grant period

143. Data source(s) used to determine if sub-objective was met (Check all that apply.)

☐ Number of partner commitments to sustaining the program   ☐ Partner survey   ☐ Other (please specify)

Other Improve the sustainability of the program through partner commitments beyond the grant period data sources

144. If you selected Other data source used to determine if Improve the sustainability of the program through partner commitments beyond the grant period was met please specify:

Improve the sustainability of the program through partner commitments beyond the grant period, cont.

145. Has the potential sustainability of the program increased through partner commitments?

   ○ Yes
   ○ Mixed results
   ○ No

Improve the sustainability of the program through partner commitments beyond the grant period evidence

146. Describe the Improve the sustainability of the program through partner commitments beyond the grant period evidence for your response below.

Other sub-objective for Improve community partnerships

147. Please specify your Other sub-objective:

148. Which activities were provided for this sub-objective? (Please specify.)

149. Data source(s) used to determine if sub-objective was met (Please specify.)

Other sub-objective, cont.

150. Was there improvement in this area?

   ○ Yes
   ○ Mixed results
   ○ No

Other sub-objective evidence.

151. Describe the Other sub-objective for Improve community partnerships evidence for your response below.

Conclusions (500 words maximum)

1. Which of the center's objectives were met, and what activities or promising practices appeared to be most effective in helping to meet these objectives?

2. For objectives that were not met or showed mixed results, what challenges could have been associated with the lower results?

Recommendations

3. Please provide recommendations that might improve the program in the future. Please be specific and cite the sub-objectives you plan to target by making changes to enhance program effectiveness. Please number the recommendations (i.e., 1., 2., 3., etc.)
